Arizona Corporation Commission

DOCKETED

To the honorable Commissioners,

AUG 2 2017

I ask you to say no to any rate or service charge increases APS is proposing for electricity bills.

DOCKETED BY

It seems that every time I turn around APS is seeking more money from small business and residential ratepayers.

Locking new residential customers into a rate plan that is great for APS but doesn't take the individual's life into perspective is not acceptable. I support programs that reward those who lower their usage at peak times but that has to be a choice one makes. With the wide variety of consumers that APS provides service to, there is not a "one-size fit all" monthly plan for new residential customers.

Please vote no to increases to our bills that could have detrimental effects on consumers, which in effect could impact small businesses, such as mine.

Thank you.
